WATER QUALITY ADVISORY

Milton, FL - The Santa Rosa County Health Department has issued a water quality advisory for Navarre Park on Highway 98 in Navarre. The health department advises against any water-related activities at this location due to the potential for high bacteria levels. Bacteriological sampling conducted during weekly water quality monitoring showed that the level of bacteria exceeds the level established by state guidelines.

The health department will continue to monitor the water quality in this area weekly and routinely advise the public of the results.

For more information, contact the Santa Rosa County Health Department's Environmental Health Division at 850-983-5275.
